

Principal Message

June 2024

Assalamu Alaikum dear parents,

As we reach the end of another successful school year, it is with mixed emotions that I write this final message to you as your principal. After two wonderful years of serving this incredible school community, I will be retiring at the end of this academic year. It has been an honor and privilege to work alongside such dedicated and supportive parents, students, and staff.

First and foremost, I want to express my deepest gratitude to my team, parents, Horizon Society, and the school council. Your unwavering support and involvement have been instrumental in our achievements. Together, we have raised funds for essential gym equipment, supported our students in Quran and science competitions, and organized wellness activities that have greatly benefited our students' overall well-being.

Throughout this school year, we have engaged in numerous outside-school activities that have brought joy and excitement to our students. From our Eid party in Chestermere Park to the year-end field trip at Calaway Park and our fun-filled sports days, these activities have been enjoyable and empowered our students to love coming to school and being part of our vibrant community. It has been wonderful to see the smiles on their faces and the positive impact these events have had on their school experience.

We have also embarked on two important projects that will greatly benefit our students and enhance their learning experience. The plan to renovate and update the library is ready, and we are hopeful that the work will be completed during the summer. Additionally, we are in the process of purchasing new equipment for the science lab to provide our students with better resources for their experiments and scientific discoveries. These projects are aimed at enriching our students' educational experience and fostering a love for learning.

I also want to extend my heartfelt thanks to our wonderful staff. Your hard work, commitment, and teamwork have been the backbone of our success. Alhamdulillah, our combined efforts have led to remarkable achievements over the past two years. Our students have excelled in government tests (PAT), and we are proud to have a waiting list in most grades. This is a testament to the high standards we uphold and the collective effort of our entire school community.

Additionally, I am pleased to share that we have stability in our teaching staff, with many teachers returning to continue their valuable work. Looking ahead, I would like to inform you about some important modifications to the school schedule starting next year. We will be back to school on September 3rd, 2024. The school day will begin at 8:00 AM and end at 3:20 PM. For kindergarten, we will be implementing a staggered start to help students and teachers get to know each other better. On Tuesday, September 3rd, only students from families with last names starting with A-D will attend. On Wednesday, September 4th, only students from families with last names starting with E-Z will attend. On Thursday, all kindergarten students will attend together. This approach will allow for a smoother transition and a more personalized introduction to the school environment.

As I retire, I leave with a heart full of gratitude and pride. It has been an honor to serve this wonderful school community. I am confident that the school will continue to thrive and achieve even greater heights in the years to come.

I wish you and your families a wonderful summer holiday. May Allah bless you with continued success and happiness.

Wa Alaikum Assalam,

Ibrahim Arid

Principal
